

CELEBRATE THE 10TH ANNIVERSARY OF *LA LA LAND* WITH A LIVE-TO-FILM CONCERT AT TEATRO LA FENICE

On 5th September, the Maison will present *La La Land In Concert* as part of its Cartier Cinema Club programming at the 83rd Venice International Film Festival – La Biennale de Venezia. This event marks the tenth anniversary of the world premiere of *La La Land*.

Presented in collaboration with Lionsgate® and Hurwitz Concerts, the evening will feature a live musical performance of the soundtrack alongside a showing of the film on screen. In the presence of Academy Award®-winning writer and director Damien Chazelle, Academy Award®-winning composer Justin Hurwitz will conduct the Orchestra Regionale Filarmonia Veneta, joined by pianist Randy Kerber, who also performed on the original soundtrack recording.

The event will take place at Teatro La Fenice, the iconic Venetian cultural institution, honouring the craft behind *La La Land*'s award-winning score and the artists whose work helped create one of cinema's most beloved musicals. This event continues the Maison's dedication to the collective nature of cinematic creation, crafting and sharing magic and inviting people to dream.

The Maison Cartier supports several initiatives which aim to protect the living heritage of the city of Venice and to contribute to the continuing development of its cultural life.

The partnership established with the 2021 Venice International Film Festival is part of this perspective. *La La Land In Concert*, a free-of-charge live-to-film spectacle, reflects the Maison's wish to celebrate, alongside Venetians, the 10th anniversary of an iconic film that began its remarkable journey in their city.

“La La Land is, without a doubt, the finest musical of the contemporary era, the only one capable of standing alongside the timeless classics from Hollywood’s Golden Age. It is a captivating and spectacular film, an unforgettable love story, a heartfelt love letter to Hollywood cinema, a celebration of creativity, and a remarkably mature reflection on the nature of success and failure. Above all, however, it features some of the most beautiful songs and musical compositions of recent years. That is why the opportunity to experience it once again, accompanied by the live performance of the Orchestra Regionale Filarmonia Veneta, is truly unmissable, a gift for everyone who fell in love with the film, as well as for the few who have yet to discover it.”

Alberto Barbera, Artistic Director of the Cinema Department of La Biennale di Venezia

“To conduct an orchestra along with La La Land, in Venice where the world first saw La La Land ten years ago, is an absolute dream come true.”

Justin Hurwitz, composer and conductor

This special presentation of *La La Land In Concert* also continues the Maison Cartier's support for the work of Fondazione Teatro la Fenice, and its upcoming season of opera, ballet and concerts.

Ticket booking for the cine-concert will open on Tuesday, August 4, 2026, on the Teatro La Fenice website.
